Type of relief				
Please let us know what Hardship Relief you would like to apply for				
Please Note: • If you defer repayments, interest during the deferral will capitalise which will increase the total amount owing.				
 If you leave the term of the loan the same, repayments after a Hardship Relief variation will be adjusted so you pay off your loan over the original term. This could mean repayments will increase. 				
 If you extend the term of the loan, repayments after Hardship Relief will be adjusted so you pay off your loan over the extended term. This could mean repayments are more affordable for the extended term. 				
• If you defer repayments or extend the term of the loan, you may repay more interest during the life of the loan.
